

Your home, your news

Sloane Square | June 2026

Welcome

Hello to all Sloane Square residents, As your Neighbourhood Manager, the local team and I wanted to share some key updates and information which you may find helpful.

Please get in touch if you have any questions.

Best wishes, Jenny Baird
Neighbourhood Manager

Support and advice

If you need advice on money, benefits and welfare, help with training and employment, or if you'd like to improve your digital skills, we can help. We'll work with you to find the best solution, using our partnerships with local, specialist services to access a range of practical and emotional support.

Estate walk about

Lumley Estate
Thursday 25 June, 10.30am

Coleshill Estate
Thursday 9 July, 10.30am

Come and join your Neighbourhood Manager, caretaker, and surveyor for a walk around the estate. This is a great chance to talk about any issues or concerns you have about your building or the local area.

Spring gardening

We keep the hedges at a manageable height and make sure they don't grow onto the public footpath or block residents' windows. This helps everyone enjoy clear views and safe, easy access around the estate. Please say 'hello' if you see the team.

Looking after the courtyard plants at Lumley Flats

We want everyone to enjoy a beautiful courtyard at Lumley Flats. The plants in the courtyard are part of a community project, and it's up to residents to look after them.

Our caretaker, isn't responsible for watering the plants - this isn't part of his duties. Ginko, our gardening specialists, only visit once a month. To keep our courtyard looking its best, we rely on residents to water and care for the plants in between visits.

By working together, we can make sure our shared space stays green and welcoming for everyone.

Social Housing Scholarships Programme

Thinking about going to university, but worried about the costs? The Social Housing Scholarships Programme could help.

If you or someone in your household:

- live in social housing
- want to go to university
- plan to study a course that will positively impact your community

We're offering:

- up to £18,000 you won't have to repay
- mentoring and career support
- connections with employers across the housing sector

Whether you're planning your own next step or supporting someone else, this could help open up new opportunities.

Find out more and apply by using the link below.

Keeping communal areas clean and tidy

To help keep everyone safe, we kindly ask that internal communal areas are kept clear of prams, toys, shoes, and any rubbish. This ensures that, in the event of a fire, everyone can evacuate quickly and safely.

Please note that anything posing a fire or safety risk may be removed. Thank you for your co-operation.

Parking update

We're working to bring car parking enforcement back to the area.

We'll also be repainting the parking bays soon to make things clearer for everyone.

E-bike and e-scooters

Important fire safety information

If you use an e-scooter or e-bike and keep it at home, please read the important fire safety information on our website by scanning the QR code or using the link below:
